

# KEEPING COOL ON THE JOURNEY.

## NATIONAL AND INTERNATIONAL OVERLAND TRANSPORT

Food, non-food, pharma or chemicals: whatever your products, **Thermottraffic** makes sure that they reach your customers as required, on time and in line with international quality guidelines. Our service is professional, safe and just-in-time.

Flexible, customized transport solutions for temperature-controlled goods and dry cargo – we offer you reliable handling to ensure a smooth process, from the smallest consignment to part loads and full loads.

### OUR SERVICES |

- Full/part truck loads and groupage
- Multimodal transport (combined transport by truck/rail/ship)
- Delivery to and from all countries in Europe, North Africa and the Middle East
- Temperature-controlled transport between - 30 °C and + 25 °C
- Container trucking for short- and long-distance transport
- Disposal and procurement logistics

With our extensive network of partners throughout Europe and our carefully selected carriers, we provide dependable freight capacity tailored to your individual requirements. Our international team of highly qualified forwarding and logistics experts, with their many years of know-how, make every effort to promote your interests. We naturally communicate with our customers and the consignees in their own language, and we are also familiar with the specific demands and conditions in the countries concerned.
